7. C# Switch Exercise 2

The image displays two screenshots of a Windows application titled "Form6".

The top screenshot shows the initial state of the application. It features a text input field at the top, an "Open" button below it, and three closed wooden doors arranged horizontally at the bottom.

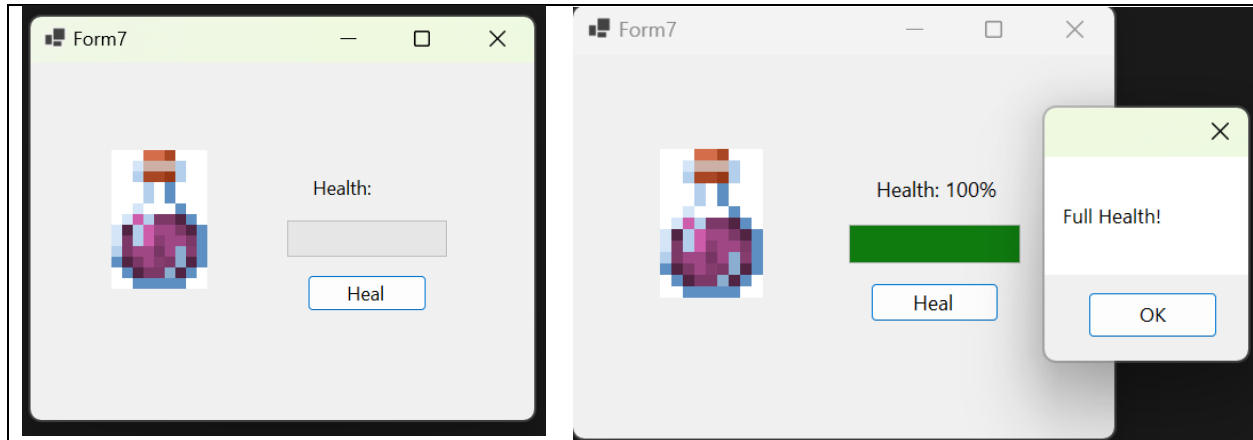

The bottom screenshot shows the application after the "Open" button has been clicked. The text input field now contains the number "2". Below the input field, the "Open" button is highlighted with a blue border. A message "A monster appeared!" is displayed above the three doors, which remain closed.
